

Make sure your privacy settings are good to go

Protect your personal details—don't hand them out like candy!

Always Double-check the website URL!
HTTPS > HTTP

Is that a good idea to post it online?
Think on it

Hmm...

The Digital Family Checklist

Ask first before posting photos or info about others

Cool?

Yep!

A parent's work computer is for **WORK ONLY!**

Don't feel safe on a site?
Let someone know!

 CYBERMANIACS

No double-dipping—keep devices away during family time!

Keep the convo open—share your online highs and lows

Always treat others kindly online...and off!
